

More generation cases

prompt: "...a white sneaker stepping...A male narrator says, 'Want real change? Go to the caucus....' with quick dramatic stingers..."

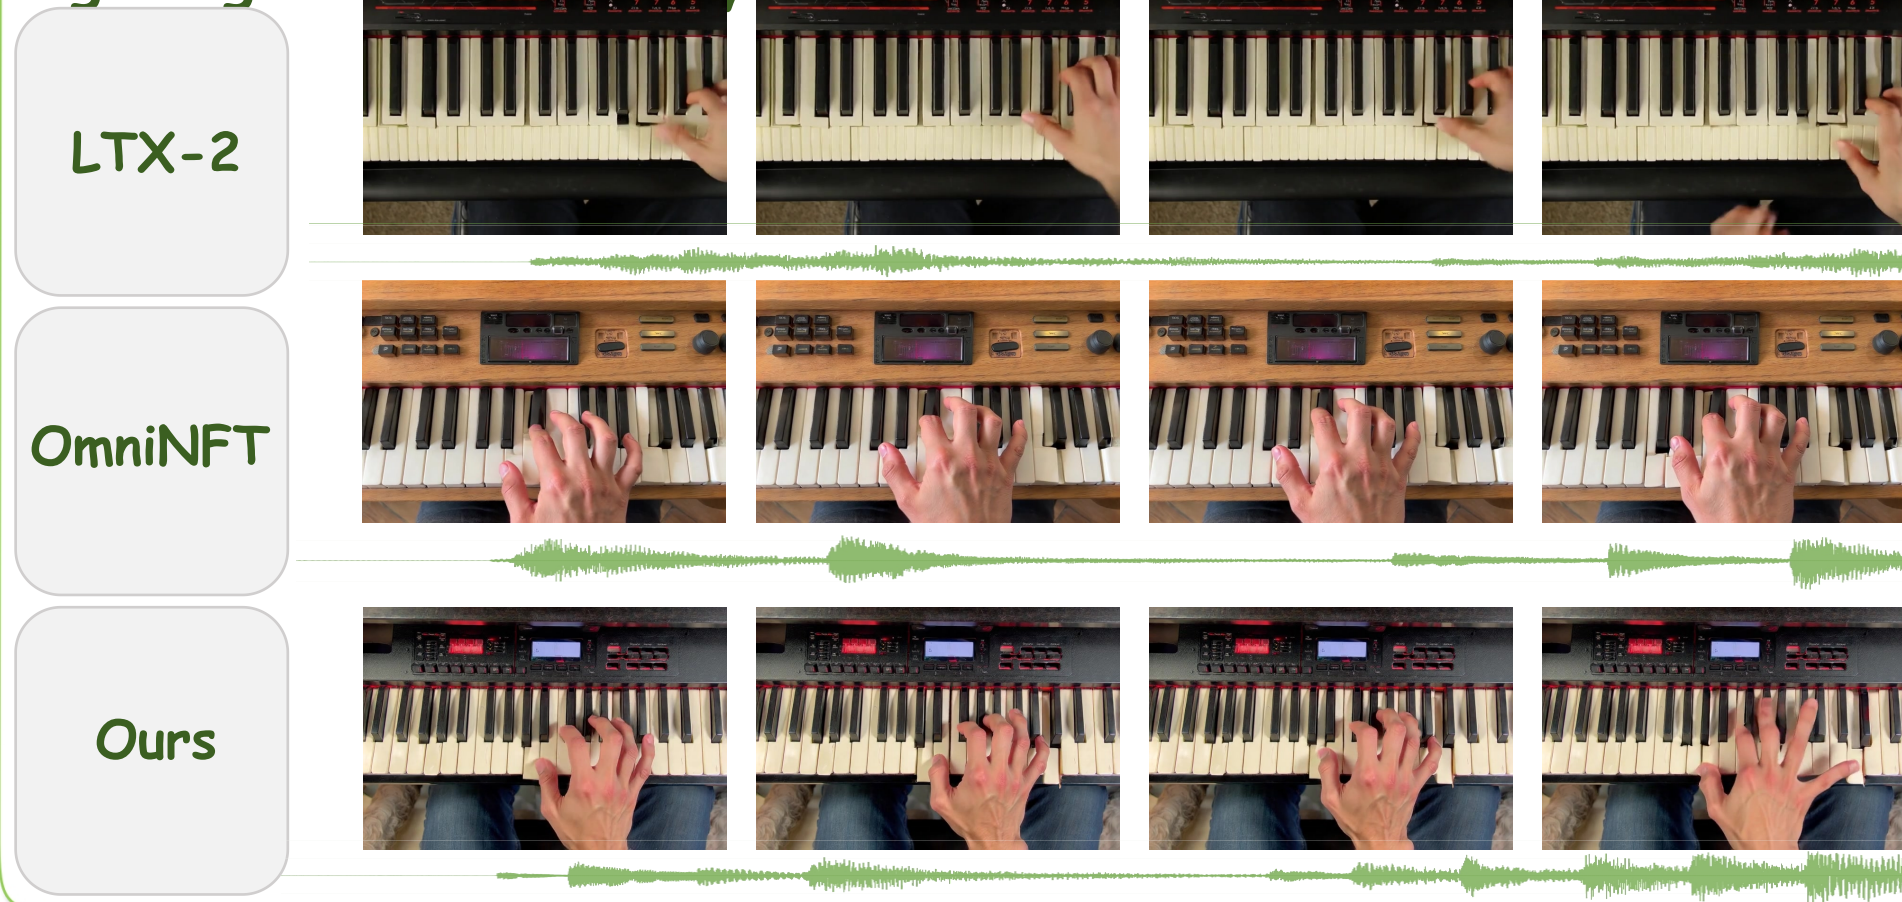

Cluttered visuals with no direct audio relation.

Cluttered visuals with no direct audio relation.

Cuts and events align with sound effects, and footsteps are synchronized.

prompt: "A top-down tutorial shot of a piano keyboard under soft studio lighting. The hand plays an A minor triad as a block chord..."

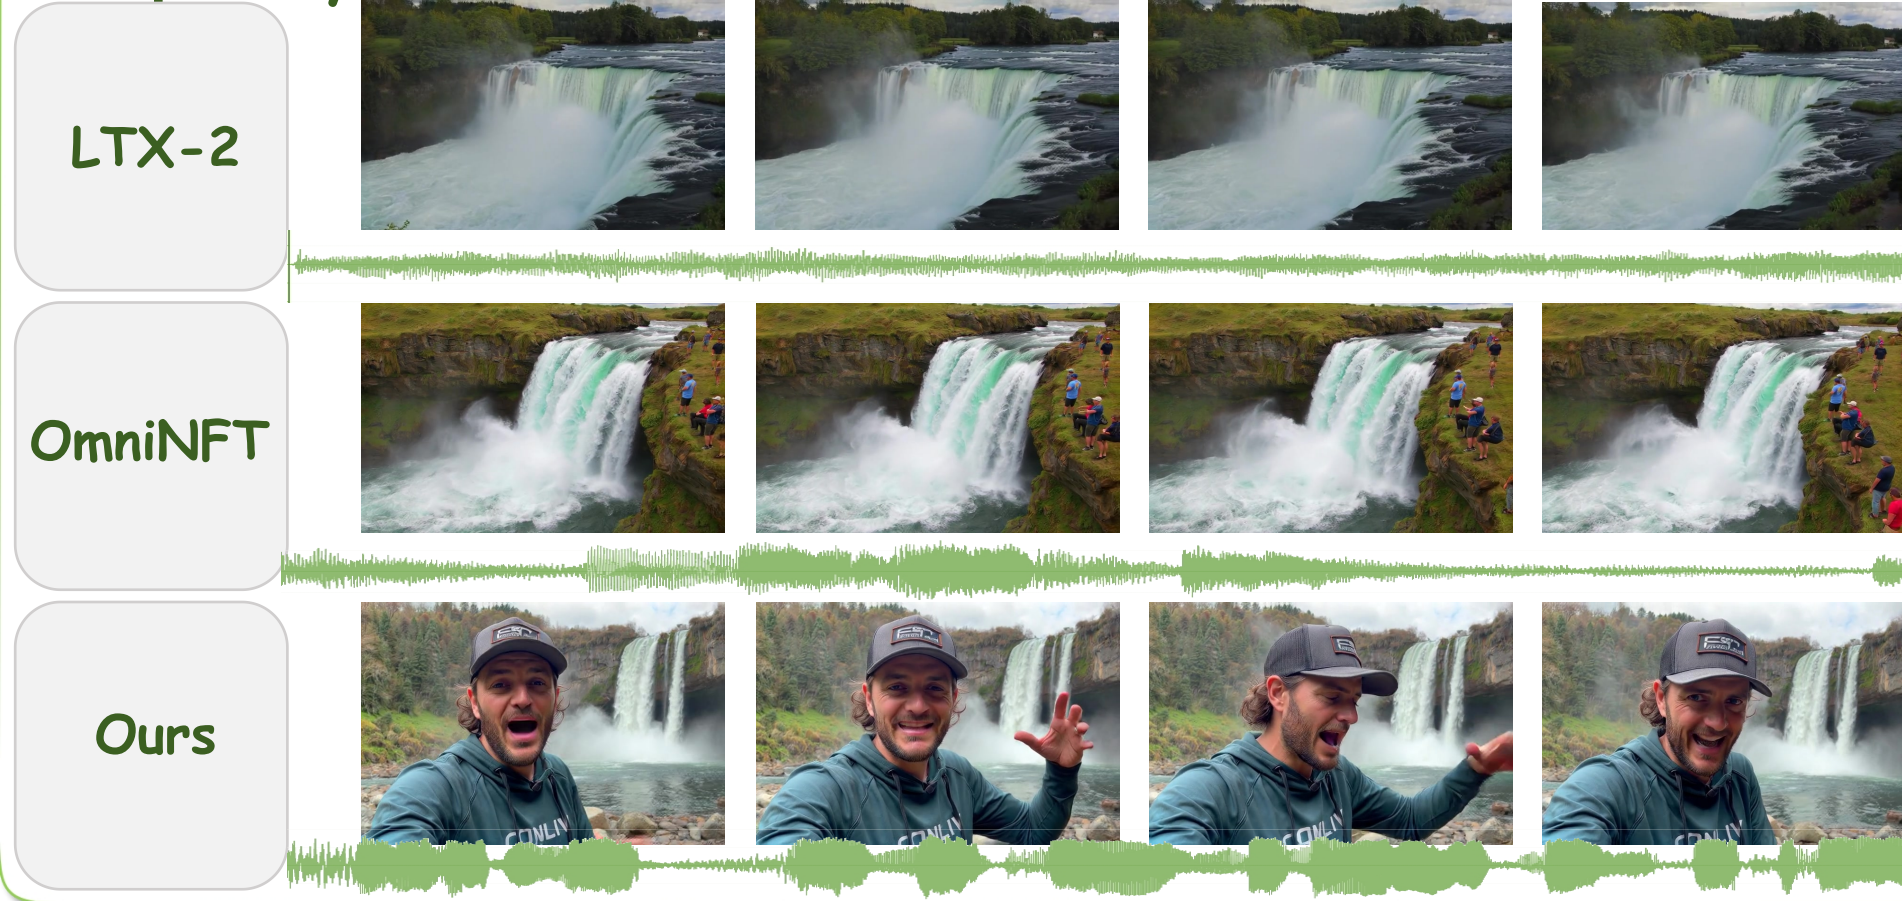

Blurry piano-playing motion with implausible finger-key interaction.

Repeatedly pressing the same key area despite clear pitch changes.

Finger presses align with key motion, and pitch changes with key position.

prompt: "A person speaks next to a powerful waterfall. Their voice is almost completely drowned out by the waterfall's continuous roar."

Only waterfall visuals with unrelated BGM.

Only waterfall visuals with unrelated BGM and bird sounds.

Audio includes synchronized waterfall sounds and speech.

prompt: "Clear water is poured steadily from a pitcher into a transparent glass pot in a quiet kitchen, captured in a close-up shot; as the water level ..."

Only a buzzing sound appears in the second half, not flowing water.

The audio is a bell sound, not flowing water.

Water-flow pitch gradually rises as the water level increases.
